File Download - Security Warning

Do you want to open or save this file?

Name: q-xml-39429-U07Z1-031109122144.xml
 Type: XML Document, 2.44 KB
 From: www.isisweb.r.mil.uk

While files from the Internet can be useful, this file type can potentially harm your computer. If you do not trust the source, do not open or save this software. [What's the risk?](#)

Step 1 – Generating a Q-XML to the manufacturer or supplier of a codification request. Once the line entry is open to the codifier to work on, in the references page and using the manufacturers NCAGE and Reference number, click on the Q-XML Button. This generates a file download box, save the file to your filemanager and email the file to contact details you have for the manufacturer.

By selecting download in this particular module, the file is saved to the suppliers file manager and he can now email the file back to the Codification Bureau.
